Software and services
to power your company

The only Canadian company to offer its clients
a fully integrated company management software
as well as a payroll outsourcing service

Algo

Payroll

Feel free to choose your level of autonomy when processing payroll and select a customized and flexible solution which suits your needs.

Human Resources

Give your managers the right tools to follow up on any management issues relating to human capital.

Schedules, time and attendance

Manage schedules, keep track of presences and automate attendance follow up.

Accounting and management

Manage your company's growth and choose operational and strategic transaction tools.

Portals and mobile application

Use all of our modules in conjunction with the portals which make it possible to collect, approve and distribute information.

The best way to see how we can help you is to see us in action
